

ROY BOLIG EMPLOYED AT MONESSEN STEEL MILL

Roy Bolig, son of Mr. and Mrs. Luther L. Bolig, South Market St., has accepted a position in an open hearth mill of the Pittsburgh Steel Co., at Monessen, his birthplace and former home before his family moved to Selinsgrove.

Bolig withdrew from Susquehanna University, where he was a student the past three semesters, when he learned an old football shoulder injury had been aggravated so badly he could never again play the gridiron game. Bolig was a star athlete at Selinsgrove high, Wenonah Military Academy, and played on the Penn State freshman varsity before matriculating in 1935 at Susquehanna.
