

Wenonah Celebrates 100th Anniversary

WENONAH, July 5. — The July 4th weekend meant fun and games for most persons in South Jersey, but to residents in Wenonah, Gloucester County, it was doubly significant as it marked the small community's 100th birthday.

The city officials and civil leaders sponsored a parade,

softball games, swimming races, diving contest, and a special performance by the famed Pitman Hobo Band.

Wenonah is tucked between county Rte. 553 and State Rte. 45, about four miles south of Woodbury.

But the celebration also had its sobering effects. Guest Speaker Judge John B. Wick told the audience that the country must be kept aware of the dangerous element which threatens freedom.

But he said he believed the lines of communication and trust among most people will remain open.
